

Foot Troubles

ating of autos FOR TAXATION

In order to give automobile or ners Idea of the horse power of their raines, as shown by the A. L. and A. M. system of rating, Colonel A. N. Leocraft, highway commissioner, has prepared a table giving the horse ower of a number of popular make 1915 model cars. A book is now being prepared by Colonel Leecraft. which will give the horse power of Very make of car as shown by the A. and A. M. system, but it will be several days before it is off the press

According to the new road law, and mobiles are taxed according to their gree power as shown by the A. L. and A. M. system and not by their adverticed horse power. In most cases the system adopted by the state gives the machine a lower horse power than is advertised,

TOPEKA PASTOR TRAVELS 100,000 MHES IN LAST THREE YEARS

Topeka. June 29.-When Dr. Charles M. Sheldon returns to Topeka October I to become pastor of Central Congregational church, again he will have traveled more than 100,000 miles during the three years he has been engaged in lecture work Dr. Sheldon's itinerary has included a trip through New Zealand and Australia in the interests of the New Zealand Alliance, similar to the Amrican Anti-Saloon league, and 35, 900 miles as a member of the Flying Squadron, which closed a 337-day campaign at Atlantic City on June 7. Dr. Sheldon spent two weeks in Topeka following the close of the strenuous campaign. He is now at Frankfort. Michigan, putting on the finishing touches to a new book, "The Brotherhood of Man," which will be published in the fall and read to the congregation of the Central Congregational church on successive Sunday exceines

poke to More Than Million.

The three divisions of the Flying quadron spoke to a total of 1,230,000 cople. More than half of these were men, Dr. Sheldon stated. The total cost of the campaign in round numbers was \$200,000, of which \$175,ras contributed by people who at inded the meetings.

After seeing the almost universal entiment for prohibition, Dr. Shelion is confident that the United States will be dry in a comparatively hort time. The Squadron started its activities September 30, 4804. At he time nine states were in the dry olomn. By June 7, 1915, this num

her had been doubled. Dr. Sheldon spoke appreciatively of the treatment of the Squadron by the newspapers. Only one paper, the Suffulo Courier, a brewers' organ, Dr. Sheldon said, was unfuir in its repurets.

"Scores of newspapers went on record during our meetings against carrying liquor advertisements after

The new bird embroideries are so beautiful that one should remember whether the credit for them belongs to the Audubenians, the mature artists or to the advocates of oriental trimmings. Hen this is quite impossible since nobody seems to now anything very definite rules: it.

The needlewoman is quite content to reproduce the lovely models not have been simplified for her. Rowever, and to use them are the content to reproduce the lovely models are lovely models.

bonschold linen. A pair of twin bed spreads worked all around with this single border of birds would be very bequired. The pattern can be reserved many times, and the spreads cut long enough so that they may go seer the pillows.

Bird embrooderies have been alturated in this pottern hove er, that the vexations seats of lard embroidery have been climinated without affecting the beauty of the design. The feet and clause, olways the despair of the inexperienced needlewoman, are omitted leaving many possibilities in outline work, and fact, fac entire pattern may be acrived in thue, delicate ereen or rose coloced threads it couline stitch, if designed. Long-ann-short stitches or kensington work look particularly well on the lead and wings, and these are merber difficult nor slow to develop. Hable covers of linen, trash and loosely woven goods look handsome embroidered in colors. A special study of the nature of the bird and constant observation of the model while at work are necessary to access, however. In and monegrams.
